MESSAGE FROM DIRECTOR

Dear Friends,

Abhilasha Aid Society, NGO has been functioning in Sate Rajasthan. Its main aim and objectives is to bring a social change among society, to empower the women by providing them education and making them aware about their rights, to inspire the girls for getting education and attending schools and to create an environment which is free from discrimination and exploitation on the basis of gender.

"Human education means the training which one gets form nature"

Our goal is to make sure these programs are implemented openly and honestly in the villages in which we work, and we have achieved this at least in our core villages. By empowering people and making them aware of their rights, we believe that such transparency is not only possible but will have a nationwide multiplier effect in the implementation of all other government schemes and disbursements for the poor. We hope You Will Appreciate Our Efforts and Your Guidance and Support will Always Remain with Us.

With Hope,

For Abhilasha Aid Society

communities and weaker section of the society where educational facilities are most inadequate.

We organized literacy-training camps and education kit distribution every year twice in rural areas for creating awareness about the importance of education. We distributed books and stationery to the children. We motivated their parents to ensure that their children -especially the girl children - study in schools.

been successful. In order to make this success sustainable, we shall have to put more emphasis and continue to work in this area in future years. Education is one of the areas that are on top of our agenda. During the year under review we put considerable emphasis on providing quality education to children of all communities - especially those belonging to underprivileged, SC/ST

Computer Training

The goals of the computer and information sciences department are to prepare students for graduate training in some specialized area of computer science, to prepare students for jobs in industry, business or government, and to provide support courses for students in engineering, mathematics and other fields requiring computing skills.

- To give computer education to the Adolescent Girls, and Youth students as well computer skill development to drop out girls.
- Provide tailoring and beautician course to Women, Adolescent Girls & drop out girls.

VOCATIONAL TAILORING TRAINING

To increase Adolescent Girls and Widows participation in alternate employment opportunities of Development. The main objective of the Project is to provide Income Generation Training on Tailoring and Embroidery to the Rural Women for their self-reliance and self-employment which support them Physically, Socially and economically and psychologically and to mold themselves as an active member of the community with all kinds of participatory functions.

HEALTH CHECKUP CAMP

We work closely for improving the condition of public healthcare facilities. The Department now has some set goals, such as -

Maintain a regular supply of essential drugs.

- ✓ Improve the infrastructure of the basic health units. Execution of healthcare programmes.
- ✓ Work towards establishment of medical education institution and research, nursing schools etc.
- ✓ With the gradual improvement of the government's healthcare facilities, especially in the rural areas, we also have put more emphasis in creating awareness amongst the people to take advantage of these facilities in greater numbers.

The organization provided free health checkup to the poor, needy women and children. The family planning operations both male and female are done by doctor's with the nominal charges of Rs. 100/- each patient. The camp also provided proper information to the pregnant women and infants about nutritious food and medicines.

ANIMAL WELFARE ACTIVITY POSHAHAR

Animal welfare is the quality of life experienced by animals and includes an animal's ability to cope with its surroundings and situations. Animal welfare is affected by the relationships human beings have with animals and it is the responsibility of the human race to peacefully coexist with animals and treat

them humanely and with respect.

Every animal is entitled to a good and healthy life, where they can enjoy their well-being benefits. Abhilasha Aid Society ensure this through their constant service towards the animals in the society by provisioning them with shelter, medical facilities, and food and nutrition.

FOOD DISTRIBUTION BY ABHILASHA AID SOCIETY

Abhilasha Aid Society serves free, nutritious food to underprivileged families of hospital patients and children from distant places. One in three children in low- and middle-income families suffers from chronic undernutrition. Without a sustainable source of income at a sufficient level, young children and their families do not have access to basic food. Therefore, to support people suffering from hunger and starvation across our country, Abhilasha Aid Society has initiated the idea to distribute food to needy people. Through the food distribution activities, our major goal is to eradicate hunger across our country. To reach our goals in serving to poor communities, we need the support from each one in the society in their best possible ways as it is very essential and such noble tasks can be executed well together.
